THE NEWS.

The conference of the M. E. Church in session at Baltimore, has adopted by a strong vote, a report breathing a spirit of patriotic devotion to the government, and exhorting on all the members of that communion the duty of loyalty.

Through Southern sources we learn something of the operations of Sherman in his recent march into the enemy's country.

The last foreign arrival reports affairs in Schleswig unchanged.

Gen. Grant is reported to have expressed himself as highly pleased with the results of Sherman's expedition.

Meriden, Conn., has been the scene of a disastrous conflagration, in which much property and one life was lost.

The Freight Bill.

We gave a synopsis yesterday of the bill now before the Legislature for the regulation of freights on Railroads. We are not well enough acquainted with the matter to judge correctly as to the justice of the rates prescribed, but are informed by those who know, that these rates are such as to amply remunerate the company, while they are a great reduction on the present enormous rates. In our opinion the section compelling the company to carry certain officers and the members of the legislature free, should be changed so as to make it penal for any of these officers to accept such free pass. Railroad companies have always shown an anxiety to exercise an undue influence over the law making, law executing and law expounding powers of the State; it is the instinct of self-preservation and is natural, but it is not necessary to encourage but rather discourage this propensity.

It is believed that this bill will be passed by the Assembly without very serious opposition, but in the Senate it will be more doubtful.

COST OF TRANSPORTING TROOPS.—It appears from official data in possession of the War Department, that since Feb. 23, 1862, the Illinois Central Railroad has received for transportation of troops and supplies \$309,000, the Burlington and Missouri River Road \$3,500, and the Mississippi and Missouri Railroad only \$10, making a total of \$311,000. The accounts of the Illinois Central prior to March 3, 1862, were settled on the basis of the tariff of the said road when such rates did not exceed those of the Santa Fe of 1861, and one-third deducted from the amount thus found due. Subsequent to March, 1862, the accounts accorded with the regulations of that date made by the Quartermaster-General in accordance with the suggestions of the railroad managers convened in Washington by the Secretary of War.

DESERTIONS FROM THE ARMY.—Previous to April, 1862, there were reported 78,451 desertions from the army—being an average of 6,299 per month. In April, 1862, the Provost Marshal system was adopted, and since then the average desertion per month have been but 1,736. The total aggregate of desertions since the war broke out is 123,157—of which number 30,000 were from New York; 15,389 from Pennsylvania; 12,389 from Ohio; 11,455 from Illinois; 6,200 from Kentucky; 4,608 from Missouri; 1,843 from Tennessee; 2,895 from Virginia; 1,630 from the District of Columbia, and smaller numbers from other states.

NEW HAMPSHIRE ALL RIGHT.—We yesterday expressed our fears of the result in New Hampshire, but the glorious news today dispels all doubt and apprehension. The Granite state is sound to the core, and has set an example for the states that are to follow in the elections, which we trust will be imitated. The soldiers of New Hampshire have been disfranchised by the ruling of the Chief Justice of the Supreme Court, who is a Copperhead, but the people were determined, it seems, not to be beaten by judicial decisions. They have done nobly; they have opened the ball right.

AN HONEST CONFESSION.—The *Universe*, the Catholic organ of Philadelphia, speaking of the manifest destruction of slavery, brought about through the folly and wickedness of the oligarchs who have ruled, and finally ruined the South, admits that the overthrow of the institution is a just punishment for the crime of the rebellion, and that the future peace of the republic demands its subversion. And it adds: "We Irish Democrats may not like the complexion of things, and we may abuse till we burst the Abolitionists as principal instigators of the Southern revolt, but facts, whether just or unjust, are against us. The Abolitionists have actually carried the day, and it is utterly out of our power to drive them back to night again. Abolitionism is the most potent and sweeping kind of seizure the entire nation. And we may as well resist the national current. The tide is rising; let us not permit it to leave us in the solitary sand. As there is Christian philanthropy in emancipating the blacks, let us have that philanthropy; as it is just to the nation to destroy slavery, let us be just to the nation; and as the future peace of the country demands the ruin of slavery, let us secure the future peace of the country. Away with partisanship! Away with mere prejudice. Away the nonsense of resisting the national current. Let us at all events accept with grace that which we cannot undo."

REVOLUTIONARY SOLDIERS.—It appears from a letter of the Commissioner of Pensions that only twelve of the revolutionary soldiers are now living, whose ages range from 94 to 105 years, and whose pensions only amount to from \$21 to \$90 per annum.

STATE NEWS.

The *Oconto Pioneer* says: "After careful enquiries, we are satisfied that the estimate of the quantity of logs cut this winter is high. About 55,000,000 will be manufactured on the Oconto River this season—not counting shingles and lath. The Suamico River will furnish several millions; Peshtigo, sixteen millions; Menominee, about thirty-five, and Ponsaukie eight. This, we believe, is a fair estimate of the quantity of lumber that will be manufactured in this County, the coming season. Sleight load after sleight load of men going to work on the Peninsula railroad are passing here every week. Upwards of seventy went down this week. The canoe paper says the traveling on the ice at the present, is splendid, both on the river and bay. Teams go right through from Green Bay to Menominee. The travel between Oconto and Green Bay, is altogether on the ice now. Mr. Martin Canuto, met with a severe accident at Mr. Cool's logging camp, on Saturday last, while engaged in felling a tree, one of the limbs fell and broke his arm.—Messrs. Thos. Whitney, O. F. Isley, and E. Sanderson were appointed as a committee, by the Chamber of Commerce in Milwaukee on Friday, to draw up a report as to the policy and feasibility of a general bankrupt law.—A rebel Union soldier named Henry S. Clark, stabbed policeman Kennedy in the leg while that officer was attempting to arrest him in a saloon on Monday evening.

MILITARY.—The *Madison Journal* of the 7th says: "The new barracks at Camp Randall are nearly completed, and these with the old barracks are sufficient to accommodate 5,000 officers and men. These new barracks for 2,000 men, the big wing of Harvey Hospital, and 200 feet of the Post Hospital at the camp, have been built within sixty days, many of them being severe winter ones.

Captain Sperry and a squad of veterans of the "Iron 24th" leave to-day for the Army of the Potomac. During the past week 1,200 recruits and veterans have left for the Potomac and Cumberland armies, and so perfect is the transportation system that the departures are conducted without confusion and without being noticed by the general public. During the same time many veterans and recruits arrived and Quartermaster Van Slyke is fully prepared to uniform and equip all who may come, having plenty of supplies ahead. Army supplies are cheaper than eight months ago and much more plentiful, the eastern manufacturers having so arranged their machinery as to be able to fully supply the immense demand for army cloths and goods.

Col. Allen of the 5th regiment is at present in the city, but will leave for the army in three or four days.

THE BELLINGER CASE.—The proceedings of the court-martial in the cases of the seven members of Company C, of the 30th Regiment, arrested and tried on a charge of participating in the affair which resulted in the death of Peter J. Billinger, at New Lisbon last September, have been concluded.

Henry D. Beardsley is found guilty, but not of acting with malice aforethought, and is sentenced to forfeit all pay now due him, or that may become due him during his term of imprisonment, and to be confined in a military prison for twelve months.

Christian M. Olson is acquitted on all the charges.

Albert M. Olds is sentenced to hard labor in a military prison for six months, and to forfeit pay during that time.

Herman Kottlinger is sentenced to hard labor in a military prison for three months, and to forfeit pay.

Edwin L. Withers is acquitted.

Henry Proctor is acquitted.

Charles H. Cummings is sentenced to hard labor with ball and chain for thirty days, and to forfeit \$5 per month for five months.

Beardsley, Olds and Kottlinger are ordered to be sent to Fort Snelling, there to undergo their sentences.

MARY, QUEEN OF SCOTS.—Her large sharp features might perhaps have been thought handsome rather than beautiful, but for the winning vivacity and high joyous spirit which beamed through them. It has been questioned whether her eyes were hazel or dark gray, but there is no question as to their starlight brightness. Her complexion, although fresh and clear, would seem to have been without the brilliancy so common among our island beauties.

Her hair appears to have changed with her years from a ruddy yellow to auburn, and from auburn to dark brown or black, turning gray long before its time. Her bust was full and finely shaped, and she carried her large stately figure with majesty and grace. She showed to advantage on horseback, and still more so in the dance. The charm of her sweet voice is described as irresistible; and she sang well, accompanying herself on the harp, the virginals, and still oftener on the lute, which sets off the beauty of her long delicate white hands.—*Inventories of Mary, Queen of Scots.*

FROM JAPAN.—The latest news from Japan confirms the report that Prince Satsuma had paid the indemnity demanded from him by the British representative. This indemnity was not only paid according to promise, but an agreement was signed by the agents of Prince Satsuma to seek out the murderers of Mr. Richardson and execute them in the presence of the British authorities. The government of the Tycoon heartily congratulated the British representative on the settlement of the dispute, and hoped it would lead to a solid and lasting peace between the two countries. It is further believed that a more liberal trade policy has been agreed upon.

"GIVE THE DEVIL HIS DUE."—This is good advice. I don't know who was the author of it. If I did I would go far to reward him, either with a set of plated ware or a prize in the art union. No man would give better advice or consolation; he ought to have a 2 story monument, with an epitaph on it founded on fact. He ought to be nuzzed, in men's memory like a pleasant dream, that afterwards turned out to be true. He ought to have his photograph taken by every new skylite in the land; he ought to be stereotyped, so that an edichun could constantly be worked up to meet the pressing demand.

"Give the devil his due." Yung man this advice was got up for you. If you owe the devil anything pay him up at once, and then discharge him, and don't let him never again at any price. That's what the author meant. Be honest, pay even the devil if you owe him, but don't owe him again. If the proprietor of this proverb, "Give the devil his due," still lives, the devil has him the pleasure of an introduction to him. If he ever wants anything, even good advice, he can get it in and the devil's purity and inexpressible by dropping a line or two to his everlasting well wisher,

JOSH BILLINGS.

DESTRUCTIVE CONFLAGRATION.—Last evening the collegiate building on Chicago avenue, North Side, was discovered to be on fire. The flames were stubborn, and before the firemen could reach the ground, the west end of the college of St. Mary's of the Lake was a prey to the devouring element. The main hall and both the wings, the dormitory, chapel, class and recitation rooms were deluged with water. The damage cannot fall less than \$10,000, independent of the loss the young scholars will sustain from the disaster that has befallen their home of religion and instruction.—*Chicago Post.*

JOHN MARYGOLD MURDERED.—We learn from the *Chicago Times*, of the murder of John Marygold, who some years since was for a time in Madison, employed in one of the departments of the Capitol. He was shot at the St. Cloud Hotel, Memphis, by a soldier who was exasperated at the loss of a purse, but with which Marygold had not the least to do.

NO MORE WOMEN ALLOWED TO VISIT THE FRONT.—The Nashville Union is requested "by the highest authority," to announce that no more passes will be granted to the wives and families of officers, to the front of the armies in this theatre of operations. Northern papers will save much useless expense and trouble by giving publicity to this statement.

"A friend writing from Dixie, says: 'The poor people here are in favor of peace. They are ready and willing to abandon slavery. They are heart-sick of the institution. But the rich will never surrender the question of slavery. They will fight to the last. The conclusion is near.'"*Catholic Telegraph.*

IN SUCCESSFUL OPERATION.—The United States Telegraph Company is in successful operation between Milwaukee and New York, and to all intermediate points of note. Dispatches are sent and received with promptitude, as they do not give up their lines to Railway and Government business.

—An admirer of some of our modern poets said to the learned Professor Porson, about fifty years ago, that Wordsworth and some others of his school would be read after Milton, Dryden, and Pope were forgotten. "Yes," replied the professor, "but not before."

—Some time ago we saw a soldier, as a punishment for some offense, standing on the top of a post. He looked like a tip-top fellow. There didn't seem to be the least likelihood of his sleeping on his post.

REBEL PRISONERS.—The Government has appointed a commission to visit all camps where rebel prisoners are confined, and administer to them the oath of allegiance under the Amnesty Proclamation.

TOO FAST.—The Assembly at Madison, after having passed a resolution for final adjournment on the 4th of April, thought they had been a little hasty, and afterwards reconsidered the vote.

CALL OF LADIES' Aid Society.—The Ladies' Soldiers' Aid Society of Janesville, desire that all friends of the soldier will immediately furnish vegetables, prepared as follows: Fill a barrel with well-washed, sliced potatoes, and cover with spiced vinegar, which has been previously scalded. FROM BALTIMORE.

BALTIMORE, March 8.—The Conference of the Methodist Episcopal Church, in session here to-day, adopted a report by vote of 48 against 10, in which they declare as follows: That we owe and pledge exclusive allegiance to this Government of the United States, in war and in peace, and to its constitutional administration in every department thereof; and that we therefore affectionately exhort our people who, by position, kindred or interest may have been tempted to sympathize with those who seek the overthrow of this Government, to seek the word of God as above recited, and not esteem loyalty thereto as optional, or a matter of taste, sympathy or preference, but one of divine injunction, and as involving the religious duty of the people to use every effort for the restoration of our national unity, peace and prosperity, or in the language of the disciples, to use all laudable means to enjoin obedience to the powers that be. That we will not receive into the Conference, or elect to ministerial orders, either from the local or itinerant ranks, any man of known disloyalty. That in view of the great change in the Providence of God, which is taking place in the public mind in the direction of emancipation in the State of Maryland and elsewhere, we believe the time is not distant when the Baltimore Conference will no longer be embarrassed in maintaining the well known principles of the Methodist Episcopal Church upon this subject.

NEWS FROM THE SOUTH.

New York, March 9th.—The steamship *Bavarian* has arrived. News anticipated. The *Herald's* Army of the Potomac dispatch contains extracts from the Richmond *Sentinel* of the 6th. It urges the trial by military law of Dahlgren's captured men. It also contains the following telegrams: **MEMPHIS, March 4th.**—The work of repairing the railroads is progressing rapidly; three miles of track and three bridges were destroyed on the Southern road; ten miles of track on the Selma road and thirty-five miles on the Mobile and Ohio road were destroyed.

Sherman burnt a great deal of property here and at Marina, Enterprise, Lockport and other stations. All the public buildings here and a number of private houses were destroyed. The enemy pillaged every house. Provisions were taken from almost every family. Sherman laid waste the country through which his army passed on their return to Vicksburg.

DEMOPOLIS, March 4th.—A dispatch from Gen. Jackson, dated Sharon, seven miles from Canton, February 28th, says he overtook the enemy at that point on the 27th and was skirmishing. The enemy crossed his whole force at Raliff's and Collum's forries, and proceeded to Canton, where they were reported on short rations and broken down. It was thought they would destroy a portion of the railroad north of Canton and go at once to Vicksburg. About 25 had been killed and captured. Our cavalry are harassing them.

FROM EUROPE.

PORTLAND, March 9th.—The steamship *Nova Scotia*, from Liverpool 25th and Londonderry 26th ult., arrived at 7.30 A. M.

Affairs in Schleswig are unchanged. Lord Palmerston had announced that orders were sent to the Cape of Good Hope to release the privateer *Tusculooza*, international law not justifying her detention. Market closing quiet, a decline. Breadstuffs dull and tending downward. Provisions steady.

Rumor says that Queen Victoria is about to abdicate, and the Prince of Wales to ascend the throne of England as Edward the 7th.

ARMY OF THE POTOMAC.

New York, March 9.—*Tribune's* army Potomac special says on Friday General Custar with 500 men, made a reconnaissance to Illinois Ford on the Rapidan and found only the usual rebel pickets on the opposite banks. A small portion of Custar's force crossed and drove the enemy's pickets in the direction of Fredericksburg, scouring the country for several miles beyond the river without meeting opposition, and returned.

Army supplies are cheaper than eight months ago and much more plentiful, the eastern manufacturers having so arranged their machinery as to be able to fully supply the immense demand for army clothing and goods.

Col. Allen of the 5th Regiment is at present in the city, but will leave for the army in three or four days.

THE BELLINGER CASE.—The proceedings of the court-martial in the cases of the seven members of Company C of the 30th Regiment, arrested and tried on a charge of participating in the affair which resulted in the death of Peter J. Billinger, at New Lisbon last September, have been concluded.

Henry D. Beardsley is found guilty, but not of acting with malice aforethought, and is sentenced to forfeit all pay now due him, or that may become due him during his term of imprisonment, and to be confined in a military prison for twelve months.

Christian M. Olson is acquitted on all the charges.

Albert M. Oids is sentenced to hard labor in a military prison for six months, and to forfeit pay during that time.

Herman Kottlinger is sentenced to hard labor in a military prison for three months, and to forfeit pay.

Edwin L. Wilbur is acquitted.

Henry Proctor is acquitted.

Charles H. Cummings is sentenced to hard labor with ball and chain for thirty days, and to forfeit \$5 per month for five months.

Beardsley, Oids and Kottlinger are ordered to be sent to Fort Snelling, there to undergo their sentences.

MARY, QUEEN OF SCOTS.—Her large sharp features might perhaps have been thought handsome rather than beautiful, but for the winning vivacity and high jocular spirit which beamed through them. It has been questioned whether her eyes were hazel or dark gray, but there is no question as to the startle brightness. Her complexion, although fresh and clear, would seem to have been without the brilliancy so common among our island beauties.

Her hair appears to have changed with her years from a ruddy yellow to auburn, and from auburn to dark brown or black, turning gray long before its time. Her bust was full and finely shaped, and she carried her large stately figure with majesty and grace. She showed to advantage on horseback, and still more so in the dance. The charm of her sweet voice is described as irresistible; and she sung well, accompanying herself on the harp, the virginals, and still oftener on the lute, which sets off the beauty of her long delicate white hands.—*Inventories of Mary, Queen of Scots.*

FROM JAPAN.—The latest news from Japan confirms the report that Prince Satsuma had paid the indemnity demanded from him by the British representative. This indemnity was not only paid according to promise, but an agreement was signed by the agents of Prince Satsuma to seek out the murderers of Mr. Richardson and execute them in the presence of the British authorities. The government of the Treason heartily congratulated the British representative on the settlement of the dispute, and hoped it would lead to a solid and lasting peace between the two countries. It is further believed that a more liberal trade policy has been agreed upon.

"GIVE THE DEVIL HIS DUE."—This is good advice. I don't know who was the author of it. If I did I would go for rewarding him, either with a set of plated ware or a prize in the art union. No man would give better advice or consolation; he ought to have a 2 story monument, with an epitaph on it founded on fact, he ought to be nuzzed, in men's memories like a pleasant dream, that afterwards turned out to be true. He ought to have his photograph taken by every new skylite in the land; he ought to be stereotyped, so that an edisbun could constantly be worked off to meet the pressing demand.

"GIVE THE DEVIL HIS DUE." Yung man this advice was got up for you. If you owe the devil anything pay him off at once, and then discharge him, and don't hire him never again at any price. That's what the author meant. Be honest, pay over the devil if you owe him, but don't owe him again. If the proprietor of this proverb, "Give the devil his due," still lives, the I want had the pleasure of an introduction to him, if he ever wants anything, even good advice, he can get it in his own native purity and inexpressible well wisher.

JOSH BILLINGS.

DESTRUCTIVE CONFLAGRATION.—Last evening the collegiate building on Chicago avenue, North Side, was discovered to be on fire. The flames were stubborn, and before the firemen could reach the ground, the west end of the college of St. Mary's of the Lake was a prey to the devouring element. The main hall and both the wings, the dormitory, chapel, class and recitation rooms were deluged with water. The damage cannot fall less than \$10,000, independent of the loss the young scholars will sustain from the disaster that has befallen their home of religion and instruction.—*Chicago Post.*

JOHN MARYGOLD MURDERED.—We learn from the *Chilton Times*, of the murder of John Marygold, who some years since was for a time in Madison, employed in one of the departments of the Capitol. He was shot at the St. Cloud Hotel, Memphis, by a soldier who was exasperated at the loss of a purse, but with which Marygold had not the least to do.

NO MORE WOMEN ALLOWED TO VISIT THE FRONT.—The Nashville *Union* is requested "by the highest authority," to announce that no more passes will be granted to the wives and families of officers, to the front of the armies in this theatre of operations. Northern papers will save much useless expense and trouble by giving publicity to this statement.

"A friend writing from Dixie, says: 'The poor people here are in favor of peace. They are ready and willing to abandon slavery. They are heart-sick of the institution. But the rich will never surrender the question of slavery. They will fight to the last. The conclusion is near.'"
—Catholic Telegraph.

IN SUCCESSFUL OPERATION.—The United States Telegraph Company is in successful operation between Milwaukee and New York, and to all intermediate points of note. Dispatches are sent and received with promptitude, as they do not give up their lines to Railway and Government business.

"An admirer of some of our modern poets said to the learned Professor Person, about fifty years ago, that Wordsworth and some others of his school would be read after Milton, Dryden, and Pope were forgotten. 'Yes,' replied the professor, 'but not before.'"

"Some time ago we saw a soldier, as a punishment for some offense, standing on the top of a post. He looked like a tip-top fellow. There didn't seem to be the least likelihood of his sleeping on his post."

REBEL PRISONERS.—The Government has appointed a commission to visit all camps where rebel prisoners are confined, and administer to them the oath of allegiance under the Amnesty Proclamation.

Too Fast.—The Assembly at Madison, after having passed a resolution for final adjournment on the 4th of April, thought they had been a little hasty, and afterwards reconsidered the vote.

LOCAL MATTERS.

ATTENTION is directed to the card of Dr. Devereau, in another column.

THE LADIES OF THE SOLDIERS' Aid Society are requested to meet at their Room to-morrow, from 10 A. M. to 5 P. M.

WE would call especial attention to the advertisement of Conrad & Vankirk, in this day's paper, and advise all lovers of good bread and biscuit to give their flour a trial.

What the boys say you can depend upon as being sound.

CALL OF LADIES' Aid Society.—The Ladies' Soldiers' Aid Society of Janesville, desire that all friends of the soldier will immediately furnish vegetables, prepared as follows: Fill a barrel with well-washed, sliced potatoes, and cover with spiced vinegar, which has been previously scalded. Mark it Potatoes in Vinegar. Cabbage and onions mixed, and horseradish should be furnished at once. The ladies request those also who have vegetables and cannot pickle them, to leave their contributions at the store of Mr. S. F. Eldred, on the West side, and at the store of Mr. S. H. Culver, on the East side of the River.

It is to be hoped that all our farmers, mechanics, merchants and gentlemen will do this work with a zeal commensurate with its importance; and let every one know that what he furnishes may restore a diseased soldier to health, and what he does in combination may, and probably will, make our army invincible.

Mrs. Bickerdike is now visiting the North-west by order of Gen. Grant, on this important business. Can any one say "I pray thee have me excused."

By Order.

FROM BALTIMORE.

BALTIMORE, March 8.—The Conference of the Methodist Episcopal Church, in session here to-day, adopted a report by vote of 48 against 10, in which they declare as follows:

That we owe and pledge exclusive allegiance to this Government of the United States, in war and in peace, and to its constitutional administration in every department thereof; and that we therefore affectionately exhort our people who, by position, kindred or interest may have been tempted to sympathize with those who seek the overthrow of this Government, to seek the word of God as above recited, and not esteem loyalty thereto as optional, or a matter of taste, sympathy or preference, but one of divine injunction, and as involving the religious duty of the people to use every effort for the restoration of our national unity, peace and prosperity, or in the language of the disciples, to use all laudable means to enjoin obedience to the powers that be. That we will not receive into the Conference, or elect to ministerial orders, either from the local or itinerant ranks, any man of known disloyalty. That in view of the great change in the Providence of God, which is taking place in the public mind, in the direction of emancipation in the State of Maryland and elsewhere, we believe the time is not distant when the Baltimore Conference will no longer be embarrassed in maintaining the well known principles of the Methodist Episcopal Church upon this subject.

NEWS FROM THE SOUTH.

New York, March 9th.—The steamship *Bacarran* has arrived. News anticipated. The *Herald's* Army of the Potomac dispatch contains extracts from the Richmond *Sentinel* of the 5th. It urges the trial by military law of Dahlgren's captured men. It also contains the following telegrams:

Meriden, March 4th.—The work of repairing the railroads is progressing rapidly; three miles of track and three bridges were destroyed on the Southern road; ten miles of track on the Selma and thirty-five miles on the Mobile and Ohio road were destroyed.

Sherman burnt a great deal of property here and at Marin, Enterprise, Lockport and other stations. All the public buildings here and a number of private houses were destroyed. The enemy pillaged every house. Provisions were taken from almost every family. Sherman laid waste the country through which his army passed on their return to Vicksburg.

Demopolis, March 4th.—A dispatch from Gen. Jackson, dated Sharon, seven miles from Canton, February 28th, says he overtook the enemy at that point on the 27th and was skirmishing. The enemy crossed his whole force at Raltiliff's and Collium's forries, and proceeded to Canton, where they were reported on short rations and broken down. It was thought they would destroy a portion of the railroad north of Canton and go at once to Vicksburg. About 25 had been killed and captured. Our cavalry are harassing them.

FROM EUROPE.

Portland, March 9th.—The steamship *Nova Scotia*, from Liverpool 25th and Londonderry 26th ult., arrived at 7.30 A. M.

Affairs in Schleswig are unchanged. Lord Palmerston had announced that orders were sent to the Cape of Good Hope to release the privateer *Tuscaloosa*, international law not justifying her detention.

Market closing quiet, a decline. Breadstuffs dull and tending downward. Provisions steady.

Rumor says that Queen Victoria is about to abdicate, and the Prince of Wales to ascend the throne of England as Edward the 7th.

ARMY OF THE POTOMAC.

New York, March 9.—*Tribune's* army Potomac special says on Friday General Custer with 500 men, made a reconnoissance to Illinois Ford on the Rapidan and found only the usual rebel pickets on the opposite banks. A small portion of Custer's force crossed and drove the enemy's pickets in the direction of Fredericksburg, securing the country for several miles beyond the river without meeting opposition, and returned.

—Gen. Burnside was taken by a very pleasant assault and battery at Augusta, Maine, the other day, if we may credit the Portland Press, which, in referring to his welcome at the council chamber, says that "quite a large company of young ladies, married and single, held back very retiringly till others had left the coast clear, when they took the gallant soldier by storm, and with well-directed aim planted their kisses directly in his face."

—The electric telegraph now extends, by way of Russia, to within 200 miles of Khatanga, a frontier emporium close to the Chinese empire, between which and Peking about 1,000 miles distant, there is a regular post established, so that now it would be quite possible to communicate with Peking from London in a week.

Annual Taxes for 1864.

The attention of taxpayers is hereby called to the provisions of the Act of Congress, approved July 1, 1863, in relation to the assessment and collection of taxes. By the sixth section of the act of July 1, 1863, it is made the duty of all persons, partnerships, firms, associations, corporations, made liable to any and every duty, license or tax, on or before the FIRST MONDAY OF MAY IN EACH YEAR, to make a list or return to the Assessor of the State of the items of their annual income, the articles or objects having a special tax, and the business or occupation liable to any and every tax. Every person who shall fail to make such return by the day specified, will be liable to be assessed by the Assessor according to the best information which he can obtain; and in such case, the Assessor is required to add fifty per centum to the amount of the items of such list. Every person who shall deliver to an Assessor any false or fraudulent list or statement, with intent to defraud the government, shall be liable to a fine of five hundred dollars, and in such case the list will be made up by the Assessor or Assesses, and from such valuation and enumeration no return shall be made by the person. Payment of the annual taxes, except those for license, will not be demanded until the thirtieth day of June. The Assessor, Deputies, and the Assistant Assessors in Rock County are as follows: 2d District—The towns of Ayon, Newark, Plymouth, Rock, Spring Valley, Burlington, and the city and town of Beloit. 3d District—The towns of Johnson, La Prairie, Fulton, Harmony, Lima and Milton. 4th District—The towns of Mendota, Watrous, and Union. 5th District—The city and town of Janesville. 6th District—The city and town of Janesville. 7th District—The city and town of Janesville. 8th District—The city and town of Janesville. 9th District—The city and town of Janesville. 10th District—The city and town of Janesville. 11th District—The city and town of Janesville. 12th District—The city and town of Janesville. 13th District—The city and town of Janesville. 14th District—The city and town of Janesville. 15th District—The city and town of Janesville. 16th District—The city and town of Janesville. 17th District—The city and town of Janesville. 18th District—The city and town of Janesville. 19th District—The city and town of Janesville. 20th District—The city and town of Janesville. 21st District—The city and town of Janesville. 22nd District—The city and town of Janesville. 23rd District—The city and town of Janesville. 24th District—The city and town of Janesville. 25th District—The city and town of Janesville. 26th District—The city and town of Janesville. 27th District—The city and town of Janesville. 28th District—The city and town of Janesville. 29th District—The city and town of Janesville. 30th District—The city and town of Janesville. 31st District—The city and town of Janesville. 32nd District—The city and town of Janesville. 33rd District—The city and town of Janesville. 34th District—The city and town of Janesville. 35th District—The city and town of Janesville. 36th District—The city and town of Janesville. 37th District—The city and town of Janesville. 38th District—The city and town of Janesville. 39th District—The city and town of Janesville. 40th District—The city and town of Janesville. 41st District—The city and town of Janesville. 42nd District—The city and town of Janesville. 43rd District—The city and town of Janesville. 44th District—The city and town of Janesville. 45th District—The city and town of Janesville. 46th District—The city and town of Janesville. 47th District—The city and town of Janesville. 48th District—The city and town of Janesville. 49th District—The city and town of Janesville. 50th District—The city and town of Janesville. 51st District—The city and town of Janesville. 52nd District—The city and town of Janesville. 53rd District—The city and town of Janesville. 54th District—The city and town of Janesville. 55th District—The city and town of Janesville. 56th District—The city and town of Janesville. 57th District—The city and town of Janesville. 58th District—The city and town of Janesville. 59th District—The city and town of Janesville. 60th District—The city and town of Janesville. 61st District—The city and town of Janesville. 62nd District—The city and town of Janesville. 63rd District—The city and town of Janesville. 64th District—The city and town of Janesville. 65th District—The city and town of Janesville. 66th District—The city and town of Janesville. 67th District—The city and town of Janesville. 68th District—The city and town of Janesville. 69th District—The city and town of Janesville. 70th District—The city and town of Janesville. 71st District—The city and town of Janesville. 72nd District—The city and town of Janesville. 73rd District—The city and town of Janesville. 74th District—The city and town of Janesville. 75th District—The city and town of Janesville. 76th District—The city and town of Janesville. 77th District—The city and town of Janesville. 78th District—The city and town of Janesville. 79th District—The city and town of Janesville. 80th District—The city and town of Janesville. 81st District—The city and town of Janesville. 82nd District—The city and town of Janesville. 83rd District—The city and town of Janesville. 84th District—The city and town of Janesville. 85th District—The city and town of Janesville. 86th District—The city and town of Janesville. 87th District—The city and town of Janesville. 88th District—The city and town of Janesville. 89th District—The city and town of Janesville. 90th District—The city and town of Janesville. 91st District—The city and town of Janesville. 92nd District—The city and town of Janesville. 93rd District—The city and town of Janesville. 94th District—The city and town of Janesville. 95th District—The city and town of Janesville. 96th District—The city and town of Janesville. 97th District—The city and town of Janesville. 98th District—The city and town of Janesville. 99th District—The city and town of Janesville. 100th District—The city and town of Janesville.

COTTSHALK ON KNABE.

[Translated from the French.]

After having played on the Piano of Messrs. Knabe & Co. it is impossible not to bear testimony to their quality, which have no equal in the United States. The reputation which they enjoy, the Pianos of their manufacture, on which I have played, are exceedingly commensurate for their quality. The tone is powerful without harshness, and the upper notes sweet, clear and harmoniously mellow, (crystalline), and I do not hesitate to express in regard to these instruments my entire satisfaction, and to declare that they are equal to any of the best manufactured in Europe or this country by the most celebrated makers.

HAYT'S IMPROVED Knife & Scissors Sharpener!

An unexcelled instrument for sharpening all kinds of

House Knives, Shears and Scissors.

This Machine is especially adapted to the wants of

Houses, Hotels, Saloons and Shops.

The principle on which the machine is constructed, and the rapidity, ease and excellence of its operation, have never before been combined in an instrument to sharpen edge tools.

The Grinding wheels are made of a solid composition of emery, and hence not only grind rapidly but are very durable, and being used with water, cannot affect the temper of a blade.

The principle on which it operates—that of grinding both sides simultaneously—is a entirely new one, and superior to all others, making it not only rapid in its operation, but requiring comparatively no skill in its use, and insuring a perfectly uniform edge, beveled all on both sides, and of the best possible angle for cutting.

In sharpening Shears and Scissors each blade is necessarily ground exactly to the same level, and a keen, smooth cutting edge is obtained. In this respect, as well as in sharpening knives, the machine is an altogether superior to anything ever brought before the public, and is certain to give complete satisfaction to all who use it.

Having the exclusive right to sell these machines in this country, I shall call upon the citizens generally to give it to their notice. They can also be seen at S. J. Bean's grocery store, corner of Main and Main streets.
